Our story: I was about 9 years old when we fostered a little, old poodle rescued from a puppy mill, named Bon-Bon. We immediately fell in love and adopted her. I am working on a community service project to help raise money and awareness for the Placing Paws Rescue Organization. Placing Paws rescues abandoned and abused cats and dogs in danger of being euthanized. Please join me for a Dog-Walk-A-Thon and help make a difference in the lives of animals. Kindly, Kaitlin
